PROFILE SUMMARY

Final-year Diploma in Information Technology student at Belgium Campus iTversity (expected 2027), specialising in Database Systems and Cybersecurity. I have hands-on experience configuring Active Directory for 100+ user accounts, troubleshooting hardware and networks, and building SQL and Power BI reports. Looking for a Help Desk or IT Security internship where I can apply what I've learned and grow my technical skills.

TECHNICAL PROJECTS

- **Active Directory & Security** - Set up and managed a Windows Server Active Directory environment for 100+ user accounts, including creating users and groups, applying RBAC and password policies, and organising OUs.
- **Malware Analysis Simulation** - Built a Python-based simulation of ransomware-style encryption in Kali Linux to learn how malware works and how it can be detected and defended against.
- **Database & BI Reporting** - Designed a normalised SQL database and built Power BI dashboards to present the data clearly for reporting.

PRACTICAL & WORK EXPERIENCE

IT Support , PC & Raspberry Pi Setup | Belgium Campus iTversity

- Helped set up and configure new desktop PCs and Raspberry Pi units for student use, including installing the OS, connecting to the network, and checking hardware was working correctly.

Educational Assistant | Malokaneng Primary School Feb 2023 -Sept 2023

- Helped with basic computer support and data entry, and assisted with keeping records and general office tasks.
- Worked closely with staff and built strong communication and teamwork skills.

SKILLS

- **Operating Systems & Virtualisation:** Windows 10/11, Windows Server 2019/2022, Kali Linux, VirtualBox
- **Servers:** Active Directory Domain Services (AD DS), Windows Server Administration
- **Networking:** TCP/IP, DNS, DHCP, Routing & Switching, Network Configuration & Troubleshooting
- **Databases:** Microsoft SQL Server, SQL, Database Design & Normalisation, Query Development
- **Business Intelligence:** Power BI, Dashboard Development, Data Visualisation & Analysis
- **Programming:** Python, C, C#, HTML, CSS
- **IT Support:** Hardware/Software Troubleshooting, User Support, Software Installation, Email & Calendar Management
- **Tools:** Git, GitHub, Microsoft Office (Word, Excel, PowerPoint), Google Workspace

EDUCATION

Diploma in Information Technology | Belgium Campus iTversity 2023 – present

National Senior Certificate | Nare Secondary School Completed 2021

CERTIFICATIONS

- **Introduction to Cybersecurity** - Cisco Networking Academy, 2026
- **Cybersecurity Job Simulation** - Commonwealth Bank via Forage, 2026
